Risk factors

Annual accounts

Last accounts filed 31st August 2023

Negative Impact

Based on your latest publicly filed financial statements at Companies House.

Accounts filed on time

Good job! The company's accounts were filed at Companies House on time. Make sure you continue to file your accounts in a timely manner.

• Neutral

Regular accounts filing

Filing your annual company accounts in a regular pattern is sign of good behaviour in the eyes of Credit Reference Agencies like Experian, as it demonstrates consistency in your business activities.

• Neutral

Small asset base

An asset-light business can offer advantages in terms of flexibility and efficiency, but it may also expose a company to certain risks, such as reliance on external suppliers and a lack of collateral that can be leveraged by lenders to mitigate their risks when extending credit.

• Negative

Adequate liquidity for working capital

A moderately equal current asset base relative to company turnover suggests that the business has adequate liquidity and working capital to support its day-to-day operations. Poor liquidity raises concerns about the company's ability to meet its short-term obligations without relying excessively on external financing.

• Neutral

Balanced financial leverage

A balanced gearing ratio suggests that the company has relatively equal proportions of equity or assets relative to debt. A favourable gearing ratio indicates financial stability, as the company relies more on equity financing and has lower levels of debt relative to its assets

• Neutral

Unaffected shareholders' funds

Shareholders' funds typically occur when the company generates profits or receives capital injection, which are retained and reinvested into the business. This indicates financial health in the business through growth and profitability.

Company information

Neutral Impact

Overview of your company's general information declared on your annual confirmation statement.

Company filings up to date

Good job! Company and director details are all up to date at Companies House. The company Confirmation Statement was filed on time, and must be filed at least once every 12 months, even if there are no changes to report.

• Neutral

Established for a long period

The company has been established and operating for a significant number of years compared to other companies of a similar size. This suggests stability and expertise in your industry.

• Neutral

Operating in a lower risk industry

The company is registered publicly and operating in what is considered to be a low risk sector of the economy.

• Neutral

Directors' Commercial Experience

Neutral Impact

Publicly held information on your current board of directors and a review of their past/present business activities.

Above average number of directors

The number of appointed directors is considered to be above average compared to other companies of a similar age and size. A larger number of directors suggests healthy growth in the business, which may benefit from a diverse range of expertise and experience.

• Neutral

Experienced board of directors

The average age of the company's board of directors is older compared to other companies of a similar size or age. This suggests that the business can benefit from a diverse range of expertise and experience.

• Neutral

Legal notices

Negative Impact

Overview of any derogatory notices registered against your company at county court or in gazettes.

Derogatory gazette recorded

A significant adverse gazette notice has been recorded against the company. Negative legal notices indicate instability or financial distress, which could impact the company's ability to repay its debts or fulfill its contractual obligations in the future.

• Negative

County Court Judgement registered

At least one county court judgement has been registered against the company. Negative legal notices indicate instability or financial distress, which could impact the company's ability to repay its debts or fulfill its contractual obligations in the future.
